HERE'S WHAT YOU MISSED in this week's PULASKI COUNTY JOURNAL

American Legion hosts 14th annual car show, Winamac Old Auto Club participates

Megan Galbreath

Nearly 71 years since its founding, the Winamac Old Auto Club (WOAC), is still sharing their passion for celebrating the preservation, restoration, and recreation of antique automobiles of every make with each other and the community by participating in area car shows.

Founded by seven men in a garage in 1950, the WOAC, originally dubbed the Society for Collection and Preservation of Antique Autos (SFCAPAAA), is the oldest auto club to exist in northwest Indiana.

For the past 13 years an annual car show has been hosted for the community to enjoy and take part in. This year marked the 14th annual car show, which was hosted at the American Legion Post #71 in Winamac this past Saturday, May 8. Prior to 2019 the car show was hosted by the Moose Lodge while 2020 through 2021 have been hosted by the American Legion.

During the show, participants' antique cars were judged and then the winners were chosen for each category. The winning categories this year include: top 30 vehicles - '89 and older, best of show - '89 and older, top 15 - '90 to present, spectator choice, legion's choice, top 5 motorcycles, best of show, and best of show on next year's plaque.

In addition to judging and awards, both spectators and participants were able to enjoy food and drinks, a DJ, a Mother's Day flower shop, a 50/50 drawing, and the first 50 people received dash plaques.

Throughout the year, the WOAC also participates in a wide variety of other events, such as other area clubs' car shows, local parades, picnics, drive outs, and putting out displays of antique cars at senior centers, nursing homes, and area businesses.

Anyone with an interest in antique automobiles and/or their history are encouraged to join the Winamac Auto Club - no antique automobile required.

ad COUNCIL American Lung Association

I think it's just vapor. It won't hurt my kid like cigarettes, right?

The vapor that's inhaled from e-cigarettes contains harmful chemicals that can cause irreversible lung damage. And e-cigarettes have nicotine, a toxin that's addictive and can change your kid's brain. Those are the facts.

Talk to your kid about vaping. Get the facts at TalkAboutVaping.org
