HERE'S WHAT YOU MISSED in this week's PULASKI COUNTY JOURNAL

4-H enrollment to open for Pulaski County youth

Pulaski County 4-H enrollment opens on Oct. 1, 2022 and will run through Jan. 15, 2023. New and current 4-H members can enroll online at in.4honline.com or by picking up an enrollment form at the Extension Office. Kindergarten through second grade members are exempt.

4-H is the largest youth serving organization in the county and provides youth from 3rd grade through 12th grade with incredible educational opportunities in the areas of healthy living, civic engagement and leadership, and science, technology, engineering, and math. The Indiana 4-H Youth Development mission is to provide real-life educational opportunities that develop young people who positively impact their community and world. 4-H members gain valuable leadership, citizenship, and communication skills by learning how to work with others, serving their local communities, and participating in 4-H activities.

National 4-H Week will be Oct. 2 - Oct. 8. Show your support for 4-H by participating in the week's fun activities:

- Oct. 3: Wear green for 4-H
- Oct. 4: Share your 4-H story with a friend
- Oct. 5: Thank your 4-H volunteers

Oct. 6: Do a community service activity
Oct. 7: Join 4-H for the 2023 4-H program year
The 4-H program is administered through the Pulaski County Extension Office located on 125 S. Riverside Dr. in Winamac and the staff can be reached for questions at 574-946-3412. The Pulaski County Extension Office is open from 8:30 a.m. – 4:30 p.m. Monday through Friday. Like our Facebook page for updates and reminders by searching for Purdue Extension –Pulaski County or visit our website at <https://extension.purdue.edu/Pulaski>.

It is the policy of the Purdue University Cooperative Extension Service that all persons have equal opportunity and access to its educational programs, services, activities, and facilities without regard to race, religion, color, sex, age, national origin or ancestry, marital status, parental status, sexual orientation, disability or status as a veteran. Purdue University is an Affirmative Action institution. This material may be available in alternative formats.

For more information, please contact Sam Williams, Extension Educator, 4-H Youth Educator & County Extension Director at ssporled@purdue.edu or call 574-946-3412.

We're HIRING!

3D Mammograms Are Now Available

1 in 8 Women Will Be Diagnosed With Breast Cancer In Her Lifetime

Early detection is vital in surviving Breast Cancer. That's why it is recommended that women aged 40 and older have a mammogram every year.

PMH's new MAMMOMAT Revelation uses wide-angle, high-definition 3D Mammography to see breast cancer earlier and with more clarity.

Traditional mammography images are two dimensional. When your breast is compressed during a mammogram, the tissue overlaps, so subtle signs of early cancer are difficult to distinguish.

3D mammography adds a new dimension to your mammogram allowing the radiologist to see through the breast, layer by layer.

Now MAMMOMAT Revelation takes this even further. Its unique wide-angle technology provides even better separation of tissue layers and more visibility. These extremely high-quality 3D images make it easier for your doctor to see small lesions early. That's great news because the earlier cancer is found, the more successful treatment can be. And it reduces unnecessary callbacks.

Speak with your provider about the benefits of a 3D Mammogram. An order from a primary care provider is required to schedule an appointment.

To schedule an appointment, please call (574) 946-2193
